

Assemblée annuelle SSCC 2015
**Le rôle de la chimie clinique dans les
 maladies neurologiques**
 23 – 25 septembre 2015
 Campus Biotech, Genève

Programme

SGKC Jahresversammlung 2015
**Die Rolle der Klinischen Chemie in den
 neurologischen Erkrankungen**
 23. – 25. Sept. 2015
 Campus Biotech, Genf

Wednesday 23 September

12:30	Registration	
13:45	Welcome and Congress Opening	Auditorium
14:00 - 15:00	Symposium I : Biobanks	Auditorium
14:00	<i>Vincent Mooser, CHUV, Lausanne</i> : Biobanking in Switzerland, future perspectives	
14:30	<i>Alexander Leichtle, Inselspital Bern</i> : The role of pre-analytics in biobanking	
15:00 - 15:30	Coffee break	Exhibit hall
15:30 - 16:15	Plenary lecture	Auditorium
15:30	<i>Fay Betsou, IBBL, Luxembourg</i> : Preanalytics and automated biobanking workflows	
16:15 - 17:15	Symposium II : Automation	Auditorium
16:15	<i>Denis Hochstrasser, HUG, Genève</i> : The BatLab project	
16:45	<i>Marco Cantù, Bellinzona</i> : Fully automated Multi-Method LC-MS: application in clinical Laboratory	
17:15	Welcome reception	Exhibit hall
18:30	BatLab visit (upon registration)	HUG

Thursday 24 September

09:00 - 11:30	Symposium IIIa: Neurological diseases and laboratory	Auditorium
09:00	<i>Jens Kuhle, University Hospital Basel: The role of biomarkers in multiple sclerosis</i>	
09:30	<i>Pierre Burkhard, HUG, Genève : The role of biomarkers in Parkinson diseases</i>	
10:00 - 10:30	Coffee break	Exhibit hall
10:30	<i>Barbara Plecko, Kinderspital Zürich : Role of vitamin B6 deficiency in children epilepsy</i>	
11:00	<i>Christian Korff, HUG Genève : The role of humoral autoimmunity in children epilepsy</i>	
11:30 - 12:30	SSCC General Assembly	Auditorium
12:30 - 14:00	Lunch and posters	Exhibit hall
14:00 - 14:45	Plenary lecture	Auditorium
14:00	<i>Charlotte Teunissen, VU University Medical Center, Amsterdam : Biomarkers as the future for AD diagnosis: current status and perspective</i>	
14:45 - 17:00	Symposium IIIb: Neurological diseases and laboratory	Auditorium
14:45	<i>Jean-Charles Sanchez, Université de Genève : Biomarkers of stroke</i>	
15:15 - 16:00	Coffee break	Exhibit hall
16:00 - 17:00	Selected oral presentations from posters (3)	Auditorium
17:00 - 17:30	SSCC award presentation	Exhibit hall
19:00	Gala Dinner	Dom. de Penthes

Friday 25 September

09:00 - 10:00	Symposium IV : Angiology	Auditorium
09:00	<i>Pierre Fortana, HUG, Genève : Monitoring new generation anticoagulants</i>	
09:30	<i>Nicolas Vuilleumier, HUG, Genève : Biomarker based-risk stratification in non-massive PE ?</i>	
10:00 - 10:30	Coffee break	Exhibit hall
10:30 - 11:15	Plenary lecture	Auditorium
10:30	<i>Christian Mueller, University Hospital Basel : The role of ultrasensitive troponins tests in acute coronary syndromes, update on the ESC 2015 guidelines</i>	
11:15 - 12:15	Symposium IV : Hot topics	Auditorium
11:15	<i>Belén Ponte, HUG, Genève : Laboratory diagnostics of acute kidney injury ?</i>	
11:45	<i>Olav Lepage, University Hospital Basel : From bench to bedside: Angiogenic markers for preclampsia</i>	
12:30	Good-bye snack	Exhibit hall
